

Rhode Island

High-efficiency commercial natural gas equipment incentives

Save energy with high-efficiency equipment. Incentives are provided to reduce the cost difference between standard efficiency and high-efficiency equipment.

- High-Efficiency Heating Equipment
- After Market Boiler Reset Controls
- Programmable Thermostats
- Wireless Enabled Thermostats
- Steam Traps
- Aerators
- Showerheads

TO APPLY:

1. Purchase and install qualifying equipment. Must be installed between 1/1/2017 and 12/31/2017. Refer to www.ahridirectory.org to determine if your equipment meets the program requirements. Equipment must be installed by a qualified professional and validated by a third party evaluator.
2. Go to <https://www.smartenergy-zone.com/nationalgrid/> , to submit your online rebate application. Customers who do not have online access can call 1-800-292-2032. All required information must be either submitted online or postmarked by 1/31/2018.
3. Submit online or mail the following items:
 - Completed and Signed Application
 - A completed and signed Form W9 is required documentation from **Gas Account Holder** to confirm customer's Tax ID Number and Tax Status.
 - A copy of the pre-approval rebate letter (if applicable)
 - Manufacturer's technical specification sheets ("cut sheets") for each type of eligible equipment purchased
 - **Copy of a dated work order / invoice / receipt that identifies:**

- Equipment or Measure Installed	- Contractor	- AFUE/EF/Thermal Efficiency
- Manufacturer	- Contractor Address	Rating All are required to process
- Model Number	- Equipment & Installation Costs	application
- Measure Number		

To view an example of an invoice, please visit www.smartenergy-zone.com/nationalgrid/pdf/CSSampleInvoice.pdf

4. Mail to: **National Grid RI Commercial Natural Gas Heating Incentive**
Offer# H147325
P.O. Box 540064
El Paso, TX 88554-0064

PROGRAM DETAILS

To check the status of your incentive, please visit <https://www.smartenergy-zone.com/nationalgrid/TrackYourRebates.aspx>. This program is available for installations completed between 1/1/2017 and 12/31/2017. Applications must be submitted online or postmarked by 1/31/2018. Issuance of incentives for completed applications is contingent upon program availability.

Check www.ngrid.com/ribiz frequently for program updates and installation extensions. Qualified equipment must be connected to a National Grid gas meter and be on a commercial gas rate and pay the System Benefits Charge (SBC).

For customized measures not listed in this brochure, please contact National Grid Efficiency at 1-800-787-1706 or email efficiency@nationalgrid.com.

National Grid does not endorse the products listed in the AHRI Directory nor makes any representations, warranties or guarantees as to, and assumes no responsibility for, the products listed in the directory. All incentives are given on a per-unit basis. All incentives are subject to change without notice.

For questions, please call **1-800-292-2032**.

2017 COMMERCIAL HIGH-EFFICIENCY NATURAL GAS EQUIPMENT INCENTIVES

PRODUCT	RATING	INCENTIVES
HEATING EQUIPMENT		
Furnace up to 150 MBH	95% AFUE* or greater w/Electronic Commutated Motor (ECM)	\$300
Furnace up to 150 MBH	97% AFUE* or greater w/ECM	\$600
Condensing Unit Heater up to 300 MBH	90% Thermal Efficiency or greater	\$750
Infrared Heater All Sizes	Low Intensity	\$750
Condensing Boiler up to 300 MBH	90% AFUE* or greater	\$1,000
Condensing Boiler up to 300 MBH	95% AFUE* or greater	\$1,500
Condensing Boiler 301 to 499 MBH	90% Thermal Efficiency or greater	\$2,000
Condensing Boiler 500 to 999 MBH	90% Thermal Efficiency or greater	\$4,000
Condensing Boiler 1000 to 1700 MBH	90% Thermal Efficiency or greater	\$7,500
Condensing Boiler 1701 MBH and larger	90% Thermal Efficiency or greater	\$10,000
COMBINED HIGH-EFFICIENCY BOILER AND WATER HEATER UNIT		
Integrated Water Heater/Condensing Boiler	.90 EF or 90% AFUE* or greater (Must be considered one unit by manufacturer)	\$1,500
CONTROLS EQUIPMENT		
Aerator 1.5 or less GPM		\$8/ea.
Showerhead 1.75 or less GPM		\$20/ea.
After Market Boiler Reset Controls		\$225/ea.
Steam Traps (Limit 70)***		\$50/ea.
THERMOSTATS		
7-Day Programmable Thermostats**		Up to \$25/ea.
Wireless Enabled Thermostats**		Up to \$100/ea.

* AFUE = Annual Fuel Utilization Efficiency

** Not to exceed cost of equipment.

*** Steam Traps, quantity greater than 70 requires pre-approval.

NOTE: All equipment must meet program guidelines. All incentives are given on a per-unit basis. All MBH levels are based on the unit's input. Some restrictions may apply. Incentive offers are subject to change without notice. Refer to www.ahridirectory.org to determine if your equipment meets the program requirements.

Incentives available to eligible natural gas heating customers only. One Gas Account Number per form. Some restrictions may apply. Incentive offers are subject to change without notice. Please review terms and conditions. Form must be completed in its entirety.

Submit online at www.smartenergy-zone.com/nationalgrid/ or mail completed form with all required documents to:

National Grid RI Commercial Natural Gas Heating Incentive
Offer# H147325
P.O. Box 540064
El Paso, TX 88554-0064

Please make sure your invoice includes:

- Equipment or measure(s) installed
- Quantity installed
- Installer name and address
- Equipment & installation costs
- Manufacturer
- Model number
- "Paid in full" or "zero balance"

CUSTOMER/ACCOUNT HOLDER INFORMATION — FORM MUST BE COMPLETED IN ITS ENTIRETY.

Projects that are expected to exceed 10 of the same units and/or \$25,000 in incentives will require pre-approval. For pre-approval, please email ngridinfo@smartenergy-zone.com, or call 1-800-292-2032 to speak with a National Grid Representative.

**For steam traps, greater than 70 requires pre-approval.

WORK COMPLETION AND INCENTIVE VALIDATION

I hereby affirm the Energy Efficiency Heating Equipment indicated above has been installed. I acknowledge that all work is subject to on-site work verification and inspection as may be required by federal, state and local law and by National Grid. I am aware of and agree to the Terms and Conditions stated on the reverse side of this application and am attaching copies of itemized proofs of purchase and invoices for the installations performed. I hereby authorize the Company to release my energy use information to Energy Efficiency Program Sponsors and System Benefits Charge (SBC) program administrators and/or its designee, and I understand that such information will be kept confidential and used only for the purposes of program evaluation and determining eligibility and energy savings. I understand that I may be contacted in the future by National Grid or its designee to evaluate my experience with this program and/ or to collect on-site data needed to measure the energy saved by this equipment.

TERMS & CONDITIONS

1. **Incentives** — Subject to these Terms & Conditions, this program is offered by Narragansett Electric Company d/b/a National Grid (“the Company” or “National Grid”). The Company, through its contractual vendor, Blackhawk Engagement Solutions (the “Vendor”), will pay incentives to eligible customers in the Company’s Service Territory, for the purchase and installation of the equipment/measures described in this literature and within this application. To be eligible for an incentive, a completed application form must be received within 90 days of the installation of energy efficient equipment.
2. **Customer Eligibility** — National Grid customers located in Rhode Island are eligible for incentives if they are natural gas customers on qualifying commercial rate code and they are directly responsible for the payment of the company’s energy bills for the facility in which they do business. Equipment is eligible for only one incentive payment from the gas utility. Reduced price gas conversion equipment is not eligible for an additional incentive. Installations must be completed between 1/1/2017 and 12/31/2017. Online applications must be uploaded to the website <https://www.smartenergy-zone.com/nationalgrid/> by 12/31/2017. Mailed applications must be postmarked by **12/31/2017**. Check ngrid.com/ribiz frequently for program updates or installation extensions.
3. **Energy Efficiency Measures (EEMs)** — (a) The Company will only pay incentives for the specific EEMs listed on the front of the application. A listing of qualifying heating and hot water heating equipment is also available at www.ahridirectory.org. Company does not endorse the products listed in the AHRI directory nor makes any representations, warranties, or guarantees as to, and assumes no responsibility for, the products listed in this directory. There will be no incentive payments for substitute EEMs unless the substitute is approved by the Company in writing and in advance of installation. (b) All EEM installations must be installed in conformance with state and local code requirements and by properly licensed contractors. (c) All projects requiring ten (10) or more units and/or exceeding \$25,000 in incentives must be pre-approved by National Grid. (d) I hereby authorize the Company to release my energy use information to Energy Efficiency Program Sponsors (EEPS) and System Benefit Charge (SBC) program administrators and/or its designee. I understand that such information will be kept confidential and used only for the purpose of determining program eligibility and energy savings.
4. **Post-Installation Work Verification** — The Company reserves the right to not pay any incentive until it has performed a verification of the specified installation. If the Company and/or Vendor determines that the EEMs were not installed in a manner that is consistent with program guidelines and applicable state and local code requirements, the Company and/or Vendor may require that the installation be modified before making any incentive payments. The cost of such modifications is the responsibility of the customer.
5. **Incentive Amounts** — The Company will provide incentives for approved equipment, equal to the incentive amount indicated in the program literature and within this Application. The Company reserves the right to change its incentive amounts without notice, in addition to negotiating a lower incentive amount on a per-unit basis in the case of multiple installations at the same site. The incentive may not exceed the installed cost of the EEMs. The Company will not provide incentives of more than 50% of the cost of equipment and installation. Speak with your National Grid representative for more information.
6. **Proof-of-Cost of Installation** — The customer must submit copies of all itemized proofs of purchase and invoices documenting the installation (including all materials, labor and equipment invoices), which reflect the actual cost of purchasing and installing the equipment. In addition, the Company may request any other reasonable documentation or verification of the date of installation or the cost to the customer of purchasing and installing the equipment. The documentation shall be provided with the submission of this application.
7. **Indemnification** — Customer shall defend, indemnify and hold harmless the Company and its officers, directors, employees, agents, servants and assigns from and against any and all losses, claims, demands and/or liability for damage to property, injury or death of any person, or any other liability incurred by the Company, including all expenses, legal or otherwise, arising out of or related to the equipment or installation, except to the extent attributable to the negligence of Company. In no event shall Company’s liability to customer exceed the incentive amounts.
8. **Payment** — The Company, through the Vendor, expects to make incentive payments to eligible customers within **6-8 weeks** of a satisfactory work verification. The customer must refund any incentive made to the extent the contractor or equipment does not satisfy program requirements.
9. **Installation Service Cost** — The Company will recognize material and installation costs only to the extent that they are reasonable and actually incurred by the customer and fall within the guidelines of the Program.
10. **No Warranties** — The Company and the Vendor do not endorse, guarantee or warrant any particular contractor, manufacturer or product installation. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy or safety of such equipment.
11. **Limited Scope Review** — The scope of review by the Company and the Vendor and their inspector of the installation of the equipment is limited solely to determine whether incentives are payable. It does not include any kind of safety or code review, and should not be relied upon as one.
12. **Changes in the Energy Efficiency Program** — The Program and these Terms & Conditions may be changed by the Company at any time without notice.
13. **Payments Assignable to a Third Party** — (a) The Customer may request that the Company’s Energy Efficiency Program incentive be paid directly to a third party by so indicating in this application. Notification of third-party payment will be sent to customer upon submission of application. (b) If no payment choice is made, the Company will send the payment to the Customer directly at the address indicated in this Application.
14. **No Tax Liability to the Company** — The Company is not responsible for any tax liability which may be imposed as a result of receipt of the incentive by the Customer.
15. **Contractor Insurance** — The Company is not responsible for any damage that may be caused as a result of an installation of any equipment. It is the responsibility of the customer to select qualified contractors who carry adequate insurance coverage.

These programs are funded by the energy efficiency charge on all customers’ utility bills, in accordance with Rhode Island law. National Grid is one of the largest investor-owned energy companies in the world. In the US, we serve nearly 5 million electric and 3.4 million gas customers in Massachusetts, New York and Rhode Island. Save energy and money with our award-winning efficiency programs.
